Clinton Volunteer Fire Dept, Inc.

Continuous Service To The Community Since 1936

To our Friend and Neighbor,

Your safety and wellbeing is one of our most important concerns. Our continued efforts are focused on protecting your most important investment; **your family and your property.**

The Clinton Volunteer Fire Department responds daily, to more than 25 calls for assistance. During 2017, our station responded to 10,700 emergency and non-emergency calls for assistance. Our ability to provide these services to our Community and the greater Prince Georges County citizens are largely dependent on your generous financial support, for which we are very appreciative.

We are asking for your help in meeting our financial needs for the coming year in order for us to continue to SERVE you and our community. Your generous gifts will enable the purchase of new tools and state of the art lifesaving equipment to enable us to do our job of protecting you, the community and property.

Pictured is the newest addition to the Department, which your donations have significantly assisted us in purchasing. This Fire Pumper is our first NEW one since 2007 and is expected to last well into the next decade! Our next planned purchase is for an Ambulance replacement around 2020. Funds previously raised and in future campaigns help pay for these purchases.

We seek not only your financial support. We also encourage you to consider joining CVFD and take the opportunity to not only watch the action, but be part of it. We are always looking for people who may be interested in becoming a Volunteer Firefighter, Emergency Medical Technician, or a non-riding administrative or auxiliary member.
